

ALUMNI PROFILE

CC Childers CMASAS Class of 2011

At CMASAS, we celebrate the incredible journey of our alumni, and CC Childers is no exception. After graduating from CMASAS, CC pursued her passion for adventure by attending the California Maritime Academy. Her career in the yachting industry as a chief stewardess spanned 12 years and took her to 47 countries.

Today, she and her fiancé' have taken on a new challenge - managing a fleet of yachts and private jets while assisting families with their household needs through their own company.

Reflecting on her time at CMASAS, CC credits the freedom to study anywhere with an internet connection and the supportive staff for helping her achieve success. The school's flexibility allowed her to balance her studies with her travel

schedule, instilling independence and exceptional networking skills that have been invaluable to her. CC's journey is a testament to the power of personalized education.

"With the ability to travel and network, I was able to secure lifelong friendships around the world across multiple industries," she shares. Her story demonstrates how CMASAS empowers students to dream big and achieve goals as they may have never thought possible.

When asked why parents should consider CMASAS for their children, CC highlights its unparalleled flexibility: "You're not tied to a location, there are not set schedules, and your kids are able to learn at their own pace and in their own way."

You can follow CC's adventures on Instagram @CChilders.
